About The International Ferro Alloys Conference

The International Ferro Alloys Conference (IFAC), is the most luxurious and interactive trade conference in the world of Ferro Alloys Industry. The conclave witnesses a world class gathering of industry leaders,

IFAC 2022, organised by **The Indian Ferro Alloy Producers Association (IFAPA)**, along with Marketing and Media Partner '**Steel Mint**' is back after three years with its thought provoking interaction, networking of knowledge and ideas at the most spectacular and sought after destination - GOA, with mesmerising entertainment, food and drinks at the lavish settings of **Taj Resort and Convention Centre, Goa**

In 2018, IFAPA rebranded its trade conference as International Ferro Alloys Conference 2018, which exceeded the expectations of the industry stalwarts and was one of most successful conferences globally, only after INFACON with over 350 delegates from 10 nations participating.

IFAC 2019, was an even greater success with over 500 delegates participating from over 20 countries

About IFAPA:

IFAPA, was founded in 1961 as an independent noble body representing the Bulk & Noble Ferro Alloys manufacturers spread across the country. IFAPA completes 61 years of its successful journey in July 2022 with a growing member count from 5 to a current total of 80. Ever since its inception, IFAPA has been spearheading the growth of the Ferro Alloys Industry in India, serving as an active interface between the industry and the government to discuss and determine the needs of the industry and its solutions, stepping up productively and standardizing norms. At the same time, IFAPA has facilitated global representation of India's potential in the field to pave the way for new business opportunities.

About SteelMint:

SteelMint is a premier price reporting agency and market intelligence provider of the Indian and global iron and steel industry with 600+ commodity price assessments across 30+ countries. It's the most trusted platform for people to get the latest news and in-depth insights, commodity prices that follow IOSCO principles, industry statistics figures (capacity, production, imports-exports, consumption etc.) and key industrial outlook reports that help them take informed decisions.

India's Ferro Alloy Production

Russia Ferro Alloys Export

Ukraine Ferro Alloys Export

Sessions:

Technical

Steel and Stainless Steel

- Global Trends in Steel
- Steel - India's Vision of 300 MT by 2030
- Stainless Steel - closing the gap on per capita consumption in India

Chrome Alloys and Ore

- Global Usage of Chrome Alloys
- Domestic Trends in Chrome Alloys
- Chrome Ore Scenario

Raw Materials for Ferro Alloys

- Met Coke - Supply Scenario
- Changing Dynamics of Power Scenario
- Logistical Gap - Container Shortages

Manganese Alloys and Manganese Ore

- Manganese Alloys - Global Demand
- Manganese Alloys - Domestic Supply and Demand Scenario
- Manganese Ore - Reshaping the Future

Noble Ferro Alloys

- Ferro Vanadium and Ferro Molybdenum - Industry Scenario
- Moly Oxide and its Demand in India
- Ferro Silicon/ Trends in Industries

Fees For Conference

| DELEGATE FEES | TYPE | | EARLY BIRD DISCOUNT | REGULAR |
|---------------|------------------|----------|---------------------|-----------|
| IFAPA Member | | | 45,000.00 | 50,000.00 |
